

Class Size and Student-to-Faculty Ratio

College Transitions provides the student-to-faculty ratio and class sizes for more than 300 of the most selective postsecondary institutions in the U.S.

Data collected from institutional Common Data Set (CDS) forms for 2024-25. An asterisk () denotes that 2024 data was unavailable, and the most recent data available was provided instead.

Table updated November 2025
