

NTRLDSTR - Natural Disaster identification

Identifies institutions that may have been affected by natural disaster's such as hurricanes, tsunamis, fires, etc. This variable can be used to explain possible anomalies in the reporting of IPEDS data.

GRCOHRT - Full-time first-time degree/certificate-seeking undergraduate (current year GRS cohort)

Full-time first-time degree/certificate-seeking undergraduates enrolled for credit. CREDIT - Recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award. NOTE: Enrollment reported is of the institution's official fall reporting date or October 15. Full-time first-time degree/certificate-seeking undergraduates enrolled for credit. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Full-time undergraduate - A student enrolled for 12 or more semester credits , or 12 or more quarter credits, or 24 or more clock hours a week each term. Undergraduate A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate.

RRFTCT - Full-time fall 2023 cohort

Full-time cohort includes full-time first-time degree/certificate seeking students enrolled at the institution in the fall of the prior year (including those enrolled for the first time the preceding summer term and those whose intent was not known upon entry to the institution). The full-time cohort for 4-year institutions should only include bachelor degree-seeking students. The time period used for reporting cohort numbers should be the official fall reporting date of the institution or October 15 for institutions that have standard academic calendar systems (semester, quarter, trimester or 4-1-4 plan). For institutions that enroll students continuously during the year and use a full-year cohort, the cohort is based on any student enrolled during the period August 1 through October 31. The student status (full- or part-time) should be based on the prior year's fall status, even if this has changed by the current year (e.g., if a student has gone from part-time to full-time, report them as part of the part-time cohort).

FTE - Full-time equivalent fall enrollment

Full-time equivalent enrollment This variable is derived from the enrollment by race/ethnicity section of the fall enrollment survey. The full-time equivalent of the institution's part-time enrollment is estimated and then added to the full-time enrollment of the institution. This formula has been used to produce the full-time equivalent enrollment that is published annually in the Digest of Education Statistics. The full-time equivalent of part-time enrollment is estimated by multiplying the part-time enrollment by factors that vary by control and level of institution and level of student. The following factors were used: Part-time undergraduate enrollment (line 22) Public 4-year .403543 Not-for-profit and for-profit, 4-year .392857 Public 2-year and <2year .335737 All other sectors .397058 First professional (line 23) Public 4-year .600000 Not-for-profit and for-profit, 4-year .545454 Graduate (line 25) Public 4-year .361702 Not-for-profit and for-profit, 4-year .382059 These factors were estimated using reported full-time equivalent of part-time enrollments from enrollment data collected in the Higher Education General Information System (HEGIS) 1967-1986.

PctEnrWh - Percent of total enrollment that are White

Percent of student body that is White non-Hispanic in the fall of the academic year. This variable is derived from the enrollment component that is collected in the winter and spring surveys. White, non-Hispanic - A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin). This variable is derived by dividing total White non-Hispanic enrollment (EFALEVEL=1,EFWHITT) by the grand total enrollment (EFALEVEL=1,EFTOTLT) for men and women. Ratios are converted to percentages by multiplying by 100 and then are rounded to whole numbers.

PctEnrAP - Percent of total enrollment that are Asian/Native Hawaiian/Pacific Islander

Percent of student body that is Asian or Pacific Islander in the fall of the academic year. This variable is derived from the enrollment component that is collected in the winter and spring surveys. Asian or Pacific Islander - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, and Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam. This variable is derived by dividing total Asian or Native Hawaiian and other Pacific Islander enrollment (EFALEVEL=1,EFASIAS,EFNHPI) by the grand total enrollment (EFALEVEL=1,EFTOTLT) for men and women. Ratios are converted to percentages by multiplying by 100 and then are rounded to whole numbers.

PCTFT1ST - Full-time, first-time, degree/certificate seeking undergraduates (GRS Cohort) as percent of all undergraduates

Full-time, first-time, degree/certificate seeking undergraduates (GRS Cohort) as percent of all undergraduates. This variable is derived from the enrollment component that is collected in the winter and spring surveys. This variable is derived by dividing full-time, first-time, degree/certificate seeking undergraduates (EFALEVEL=24,EFTOTLT) and dividing by all undergraduates (EFALEVEL=2,EFTOTLT). The ratio is then multiplied by 100 and rounded to the nearest whole number. Full-time first-time degree/certificate-seeking undergraduates enrolled for credit. CREDIT - Recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award. First-time student (undergraduate) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs . Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Full-time undergraduate - A student enrolled for 12 or more semester credits , or 12 or more quarter credits, or 24 or more clock hours a week each term. Undergraduate A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate.

EFUG1ST - First-time degree/certificate-seeking undergraduate enrollment

First-time degree/certificate seeking undergraduate men and women enrolled for credit in the fall of the academic year. First-time student (undergraduate) A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).

Degree/certificate-seeking students Students enrolled in courses for credit and recognized by the institution as seeking a degree, certificate, or other formal award. High school students also enrolled in postsecondary courses for credit are not considered degree/certificate-seeking Undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate. CREDIT - Recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award. Part-time nondegree/certificate seeking undergraduate men and women enrolled for credit in the fall of the academic year. Examples of non-degree/certificate-seeking students would be high school students enrolled in creditable courses prior to high school graduation, or those enrolled in creditable courses who for some reason are not seeking a degree/certificate. Part-time undergraduate - A student enrolled in a 4- or 5-year bachelor's degree program, an associate's degree program, or a vocational or technical program below the baccalaureate and enrolled for less than 12 semester credits or quarter credits, or 24 clock hours a week each term. CREDIT - Recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award. NOTE: Enrollment reported is of the institution's official fall reporting date or October 15.

PCUENRWH - Percent of undergraduate enrollment that are White

Percent of undergraduate students that are White in the fall of the academic year. This variable is derived from the enrollment component that is collected in the winter and spring surveys. White (new definition) - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa. White, non-Hispanic (old definition) - A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin). This variable is derived by dividing total White undergraduate enrollment (EFALEVEL=2,EFWHITT) by the total undergraduate enrollment (EFALEVEL=2,EFTOTLT) for men and women . Ratios are converted to percentages by multiplying by 100 and then are rounded to whole numbers.

PCGENRW - Percent of graduate enrollment that are women

Percent of graduate students that are women in the fall of the academic year. This variable is derived from the enrollment component that is collected in the winter and spring. This variable is derived by dividing women graduate enrollment (EFALEVEL=12,EFTOTLW) by the total graduate enrollment (EFALEVEL=12,EFTOTLT) for men and women. Ratios are converted to percentages by multiplying by 100 and then are rounded to whole numbers

RMINSTTN - Number of first-time undergraduates - in-state

Number of first-time degree/certificate seeking undergraduate students who reside in the same state of the institution. This is derived as follows In-state enrollment = EFRES01 if state of residence EFCSTATE.EF2012C=HD2012.FIPS First-time student (undergraduate degree/certificate seeking) A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). Student is enrolled in courses for credit and recognized by the institution as seeking a degree, certificate, or other formal award. High school students also enrolled in postsecondary courses for credit are not considered degree/certificate-seeking. State of residence - the state identified by the student as his/her permanent address at the time of application to the institution. This may be the legal residence of a parent or guardian, or the state in which a student has a driver's license or is registered to vote. It is not necessarily the state in which the student's high school is located.

PCTDEEXC - Percent of students enrolled exclusively in distance education courses

Percent of students who are enrolled only in courses that are considered distance education courses. Derived: Students enrolled exclusively in distance education (EFDEEXC,EFDELEV=1) divided by all students enrolled (EFDETOT,EFDELEV=1) NOTE: Includes only students enrolled for credit as of the institution's official fall reporting date or October 15. Distance education course - A course in which the instructional content is delivered exclusively via distance education. Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Distance education - Education that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

PCUDEEXC - Percent of undergraduate students enrolled exclusively in distance education courses

Percent of undergraduate students who are enrolled only in courses that are considered distance education courses. Derived: Undergraduate students enrolled exclusively in distance education (EFDEEXC,EFDELEV=2) divided by all undergraduate students enrolled (EFDETOT,EFDELEV=2)
 NOTE: Includes only students enrolled for credit as of the institution's official fall reporting date or October 15. Distance education course - A course in which the instructional content is delivered exclusively via distance education. Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Distance education - Education that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

instructional content is delivered exclusively via distance education. Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. STUFACR - Student-to-faculty ratio

Student-to-faculty ratio - Total FTE students not in graduate or professional programs divided by total FTE instructional staff not teaching in graduate or professional programs. Total FTE students is equal to the number of full-time students plus 1/3 the number of part-time students (Fall enrollment component). Graduate or first-professional students enrolled in graduate or professional programs such as medicine, law, veterinary, dentistry, social work, or public health, in which faculty teach virtually only graduate-level students (often referred to as "stand-alone" or "independent" programs) are excluded from both full-time and part-time counts. Total FTE instructional staff is equal to the number of full-time instructional staff to 1/3 the number of part-time instructional staff (Human Resource Component, EAP section). Instructional staff include employees whose primary function/occupational activity is primarily instruction or instruction/research/public service and are not medical school employees. Instructional staff teaching in graduate or professional programs such as medicine, law, veterinary, dentistry, social work, or public health, in which faculty teach virtually only graduate-level students (often referred to as "stand-alone" or "independent" programs) are excluded from both full-time and part-time counts.

DISAB - Percent indicator of undergraduates formally registered as students with disabilities

Please indicate the percentage of all undergraduates enrolled in Fall 2023 who are formally registered as students with disabilities with the institution's office of disability services (or the equivalent office): This variable applies only to undergraduate students enrolled either full- or part-time. If fewer than 3% of the institution's undergraduate students are registered with the disability services (or equivalent) office, the actual percent is not indicated. However, if more than 3% of the institution's undergraduate students are registered with the disability services (or equivalent) office, the appropriate percentage is given. See variable DISABPCT.
