#### **APPLCN - Applicants total**

Please provide the number of first-time, degree/certificate-seeking undergraduate students who applied, were admitted, and enrolled (full or part time) at your institution for the most recent fall period available. Include early decision, early action, and students who began studies during the summer prior to that fall. This is applicable to institutions that have no open admission policy for entering first-time undergraduate students Total number of applicants APPLICANT - An individual who has fulfilled the institution's requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). FIRST-TIME STUDENT (UNDERGRADUATE) - A student attending any institution for the first time at the undergraduate level. Includes students enrolled in academic or occupational programs. Also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). DEGREE/CERTIFICATE-SEEKING STUDENTS Students enrolled in courses for credit who are recognized by the institution as seeking a degree or formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs. EARLY DECISION A plan that allows students to apply and be notified of an admission decision (and financial aid offer, if applicable) well in advance of the regular notification date. Applicants agree to accept an offer of admission and, if admitted, to withdraw their applications from other colleges. There are three possible decision applications: admitted, denied, or not admitted but forwarded for consideration with the regular applicant pool, without prejudice. EARLY ACTION An admission plan that allows students to apply and be notified of an admission decision well in advance of the regular notification dates. If admitted, the candidate is not committed to enroll (unlike early decision). Students may reply to the offer under the college's regular reply policy.
